ENTRANCE TO JONES BEACH VIA WANTAGH CAUSEWAY

FOLLOW THE SEA HORSE TO JONES BEACH STATE PARK, over miles of four lane parkways where motor-

ists travel without interruption by cross traffic or red lights. The trip from New York City over the Northern and Southern State Parkways, without commercial traffic, with ornamental bridges to eliminate grade crossings, and with landscaped borders, is made with safety, comfort, and pleasure in about one hour. All turns on Route 24 from New York and Route 27 from Brooklyn and Queens are plainly marked with the Green and White Jones Beach Sea Horse Signs. These routes are shown in red on the map on the opposite page.

The Ocean Parkway, which extends from Jones Inlet to Fire Island Inlet, affords motorists a 17-mile drive along the ocean-front.

A DIP AT SUNSET

PITCH-PUTT GOLF COURSE

Two and one-half miles of wide, snow-white beach are protected for bathers by a trained and capable lifeguard corps. The beach is cleaned early every morning of all seaweed and debris. It is patrolled during the day by Deck Officers to see that all rubbish is deposited in baskets provided for that purpose. Because of this careful supervision, the beach is clean and attractive at all times.

The mile-long Marine Boardwalk connects the East and West Bathhouses. The use of ship's fittings for the Boardwalk railing, waste baskets, lighting standards and drinking fountains is in harmony with the nautical design and spirit of the park.
